
Title: a note

Author:

Curse Lord British and
Britannia together, I
will not allow him to
continue to rule for
much longer. Time, all
I need is time.

I am acquiring thy
services to strike a
blow to the people of
Britannia, a blow to
break the very spirit
of the land itself.
Find, capture and hold
the one know as Lord
Nicolus. It would
seem British has
Nicolus consorting
with the common
beggars of Britannia
and giving them gifts
to lift their spirits in
celebration of the
passing of another
year. Once you have
Nicolus, all of
Britannia will lose
spirit and weaken in
their resolve. A weak
heart and soul lend
themselves nicely to
evil tendencies.

You will be paid well
for thy service. Do
not fail me, or I shall
seal thy life's breath.

Your Mistress
